Think I broke myself, I just fell a couple feet
Like a glass of ice, the crystal's fight
I am here, am I losing ground?
I am one, you are all around, everywhere

Sometimes I feel like
Love is not after all

The only thing I know
Is time keeps running
And colors start to glow
'Cause daylight's coming

If I move from here, I won't go back the same
In this puzzle of a life's not really mine
I am here, am I lost or found?
I am one, you all around, everywhere

Sometimes I feel like
Love is not after all

The only thing I know
Is time keeps running
And colors start to glow
'Cause daylight's coming

The only thing I know
Is I'll keep running
And colors start to glow
'Cause daylight's coming

The only thing I know
Is time keeps running
And colors start to glow
'Cause daylight's coming

The only thing, the only thing I know
Is I'll keep running
I stop to watch the sky begin to glow
'Cause daylight's coming

The only thing, the only thing I know

Is daylight's coming
I stop to watch the sky begin to glow
'Cause daylight's coming
