It started out as a young love that ran wild
Me having the innocence of a child
I was so blind to not see
And in the end you sure did hurt me

But ooh, didn't we
Make some sweet memories
When we were laying on the river
Feeling the breeze
Blowing through the summer heat
And looking back
You know, it's sad
That we both ended up alone
But that's alright
Cause you're just one
Summer gone

What we had it wasn't what I thought it was
Though I fell so completely in love
I told you that I wanted you forever
The same night that you said we couldn't be together

But ooh, didn't we
Make some sweet memories
When we were laying on the river
Feeling the breeze
Blowing through the summer heat
Oh, and looking back
You know, it's sad
That we both ended up alone
But that's alright
Cause you're just one
Summer gone

That's alright
You're just one
Summer gone

Oh, I'm moving on
You're just one summer gone
