My song, Changing Faces

Introducing Brett

You, you want me to tell you?

I mean, do you really want me to tell you?

[Changing Faces]

What is it about you?

Just tell me how you do what you do to me

Whatever you want to

No questions asked, you know it's okay with me

You can't do nothing wrong

You know just where to go, how to play with me

We can play all night long

Cuz with you all night long, is where I wanna be

You got me doin' things I never did before

And when you touch me, you open every door

I'm not afraid to see how much you mean to me

No, I just can't explain what you're doin' to me

Chorus

What are you doin' to me? Tell me

(What you're doin' to me, baby tell me, what you're doin' to me)

What are you doin' to me? Tell me

(What you're doin' to me, baby tell me, what you're doin' to me)

What are you doin' to me? Tell me

(What you're doin' to me, baby tell me, what you're doin' to me)

What are you doin' to me? Tell me

(What you're doin' to me, baby tell me, what you're doin' to me)

What are you...

Where did you go to school? (what you're doin' to me)

How did you learn to do what you do to me?

The way you use your tools (what you're doin' to me)

See every touch, you took, had to get at me

Sometimes I scream your name
And I don't feel no way, I don't feel no shame
See all I feel is you
So keep on makin' me feel the way I do

You know what it means, you're my fantasy
You put it on me, never hold back, give it to me
I'm not afraid to see where you're takin' me
No I can't get
