One of us is gonna be here and  
One of us is gonna be running  
Off alone into the great unknown

You're not me  
You're a model of freedom  
All you need are your kicks when you need 'em  
Come and go, caught that slow, alright  
With one hand off the side  
We get farther away, in the blink of an eye

And it's the time we waste  
Swallowed into space  
It's the time it takes, to blow away  
To blow away  
To blow away

Hey, hey you, yeah you gotta be leaving,  
Say what you want, what you say, say anything  
No one knows just how deep it goes  
We are old in your teenaged tyranny  
And all you need is a hunger to feed  
I've got my own secrets though, say what?  
With a heart full of mess and love

We are doomed but we wanted more

It's the ride we take  
The many winged escape  
It's the bough we break, to blow away  
To blow away  
And we blow away

One of us is now retreating  
You knocked me down so hard  
I'm seeing a thousand stars  
Come out where you are  
Cuz I won't ever be caught crying  
I will not be taken lying down

It blows into smoke  
The time we waste,

Swallowed into space  
It's the time it takes to blow away

It's the ride we take  
The many winged escape  
It's the bough we break to blow away  
It's the times we say that  
"No one is gonna take your place"  
It's a mistake to blow away  
We blow away
