

A Fine Frenzy "New Heights"

You are a thunderous thing,
Wondrous king
The face of a marvelous God,
It's deep in your eyes
Come here, oh closer to touch
Never enough
Let me climb under your skin
Oh let me in

From your lips, a precipice
I hang on every word
Height and seeking
Oh, we are reaching
New heights and seeking
How to keep them high?
Keep them high?

The calm of the turbulent seas,
Fallen to sleep
And when the troubles arise,
We would hold on tight
How can a body contain,
Something so great?
My shell may suddenly burst
Out will come, birds

From your lips, a precipice
I hang on every word

Height and seeking
Oh, we are reaching

New heights and seeking
How to keep these..

Height and seeking
Oh, we are reaching
New heights and seeking
How to keep them high?
Keep them high?

We will find a way

We will find a way
We will find a way
Yes, We will find a way

We are height and seeking
Oh, we are reaching
New heights and seeking
How to keep them..

Height and seeking
Oh, we are reaching
New heights and seeking
How to keep them..

Height and seeking
Oh, we are reaching
New heights and seeking
How to keep them..

Height and seeking
Oh, we are reaching
New heights and seeking
How to keep them high?
Keep them high?
