Hey
Hey
Do you hear, do you hear
That sound
It's the sound of the lost gone found
It's the sound of a mute gone loud
It's the sound of a new start
Kiss
With a mouth of shooting stars
Of lost and broken hearts
Unafraid you can name your scars
With a touch of a new heart
It sounds like
It sounds like
It sounds like
Ladeedadadadada, dadadadada
Now, oh, now is the start
Oh
And it goes with where you go
Don't lose faith for the friends
You don't
Need a thing, you already know
You are right as you are
And it sounds like
It sounds like
Oh, it sounds like
Ladeedadadadada, dadadadada
Now, now
Ladeedadadadada, dadadadada
Now, oh
Now is the start, oh
Now is the start
Hey, hey, hey, hey
New start in the end
There is a
New heart under there
Beneath these
New parts everywhere
It is a new, new, new, new start
Now is the start
It sounds like
Oh, it sounds like

Oh, it sounds like
Ladeedadadadada, dadadadada
Now, now
Ladeedadadadada, dadadadada
Now, oh, now is the start
Oh, now is the start
Now is the start
Now is the start
Now is the start
Now is the start
It sounds like
It sounds like
It sounds like
