### 1. Almost Lover Lyrics

Your fingertips across my skin  
The palm trees swaying in the wind, images  
You sang me Spanish lullabies  
The sweetest sadness in your eyes, clever trick

Well, I'd never want to see you unhappy  
I thought you'd want the same for me

Goodbye, my almost lover  
Goodbye, my hopeless dream  
I'm trying not to think about you  
Can't you just let me be?

So long, my luckless romance  
My back is turned on you  
Should've known you'd bring me heartache  
Almost lovers always do

We walked along a crowded street  
You took my hand and danced with me in the shade  
And when you left you kissed my lips  
You told me you would never ever forget these images,  
no

Well, I'd never want to see you unhappy  
I thought you'd want the same for me

Goodbye, my almost lover  
Goodbye, my hopeless dream  
I'm trying not to think about you  
Can't you just let me be?

So long, my luckless romance  
My back is turned on you  
Should've known you'd bring me heartache  
Almost lovers always do

I cannot go to the ocean  
I cannot try the streets at night  
I cannot wake up in the morning

Without you on my mind

So you're gone and I'm haunted  
And I bet you are just fine  
Did I make it that easy to walk  
Right in and out of my life?

Goodbye, my almost lover  
Goodbye, my hopeless dream  
I'm trying not to think about you  
Why can't you just let me be?

So long, my luckless romance  
My back is turned on you  
Should've known you'd bring me heartache  
Almost lovers always do

## 2. Ashes and Wine Lyrics

Don't know what to do anymore  
I've lost the only love worth fighting for  
And I'll drown in my tears, don't they see?  
And that would show you, that would make you hurt like  
me

All the same I don't want mudslinging games  
It's just a shame to let you walk away

Is there a chance, a fragment of light  
At the end of the tunnel, a reason to fight?  
Is there a chance you may change your mind  
Or are we ashes and wine?

Don't know if our fate's already sealed  
This days are spinning circus on a wheel  
And I'm ill with the thought of your kiss  
Coffee laced intoxicating on her lips

Shut it out, I've got no claim on you now  
Not allowed to wear your freedom down, no

Is there a chance, a fragment of light  
At the end of the tunnel, a reason to fight?  
Is there a chance you may change your mind  
Or are we ashes and wine?

And I'll tear myself away  
So if it's that is what you need, there is nothing left to  
say but

Is there a chance, a fragment of light

At the end of the tunnel, a reason to fight?  
Is there a chance you may change your mind  
Or are we ashes and wine?

The day's still ashes and wine  
Or are we ashes?

### 3. Borrowed Time Lyrics

Thick as thieves the last of leaves  
In the winter sun  
Holding fast this freezing branch  
Is home to us

Step, step right over the line  
And onto borrowed time  
When it's life, not waiting to die  
Waiting to divide, to divide

Counting stars and passing cars  
On the interstate  
The end is near, I feel it dear  
But I am not afraid

Step, step right over the line  
And onto borrowed time  
When it's life, not waiting to die  
Waiting to divide, to divide

But you say you're getting tired  
You're tired and so am I  
When you follow from behind

Step, step right over the line  
And onto borrowed time  
When it's life, not waiting to die  
Waiting to divide, to divide

But you say you're getting tired  
Well, you're tired and so am I  
When you follow from behind

### 4. Come On, Come Out Lyrics

Come on, come out, the weather is warm  
Come on, come out, said come on, come on  
A spot in the shade where oranges fall  
The spot in the shade away from it all

Watching the sky, you're watching a painting  
Coming to life shifting and shaping

Staying inside, it all goes, all goes by

A blanket unfolds, a blanket to lie  
The pieces of gold, they light up your eyes  
And now we're alone and now we're alive

Watching the sky, you're watching a painting  
Coming to life shifting and shaping  
Staying inside, it all goes, all goes, all goes, all goes by

Stopping the time, the rush and the waiting  
Leave it behind shifting and shaping  
Keep it inside, it all goes, all goes, all goes, all goes by

It all goes passing by  
It all goes passing by  
Come on

Watching the sky, watching a painting  
Coming to life shifting and shaping  
Staying inside, it all goes, all goes, all goes, all goes by

Stopping the time, the rush and the waiting  
Leave it behind shifting and shaping  
Keep it inside, it all goes, all goes by

Come on, come out  
Come on, come out

## 5. Hope for the Hopeless Lyrics

Stitch in your knitted brow  
And you don't know how  
You're gonna get it out

Crushed under heavy chest  
Tryna? catch your breath  
But it always beats you by a step  
All right now

Making the best of it  
Playing the hand you get  
Well, you're not alone in this

There's hope for the hopeless  
There's hope for the hopeless  
There's hope

Cold in a summer breeze  
Yeah, you're shivering  
On your bended knee

Still, when you're heart is sore  
And the heavens pour  
Like a willow bending in the storm  
You'll make it

Running against the wind  
Playing the cards you get  
Something is bound to give

There's hope for the hopeless  
There's hope for the hopeless  
There's hope, there's hope, there's hope

There's hope

## 6. Last of Days Lyrics

Something's causing fear to fly  
Rising like a dark night in silence  
Traveling slow with broken boats  
Heading for the sky and I'm an island

I watched you disappear into the clouds  
Swept away into another town

The world carries on without you  
But nothing remains the same  
I'll be lost without you  
Until the last of days

The sun is in the east  
Rising for the beasts and the beauties  
I wish that I could tear it down  
Plant it in the ground to warm your face

And I built myself a castle on the beach  
Watching as it slid into the sea

The world carries on without you  
But nothing remains the same  
I'll be lost without you  
Until the last of days  
Until the last of days

Through the walls and harvest moons  
I will fight for you

The world carries on without you  
But nothing remains the same  
I'll be lost without you

Until the last of days  
Until the last of days

#### 7. Liar, Liar Lyrics

Liar, liar, you're such a great big liar  
With the tallest tales that I have ever heard  
Fire, fire, you set my soul on fire  
Laughing in the corner as it burns  
Right between the ribs, it's sinking in

Oh, oh, the sirens sang so sweet  
And watched the sailors going down  
Oh, oh, you talked to me in siren song  
Yeah, anyone would drown  
Anyone would drown

Sick and tired of this mad desire  
Fluttering inside me like a hawk  
Wire, wire, got my hands on wires  
Will heaven help you when I get them off?  
Right between the ribs, you'll feel it then

Oh, oh, the sirens sang so sweet  
And watched the sailors going down  
Oh, oh, you talked to me in siren song  
Yeah, anyone would drown  
Anyone would drown

All the ships go down  
Following the sound  
All the ships go down

Oh, oh, the siren sang so sweet  
And watched the sailors going down  
Oh, oh, you talked to me in siren song  
Yeah, anyone would drown

Oh, oh, the siren sang so sweet  
And watched the sailors going down  
Oh, oh, you talked to me in siren song  
Yeah, anyone would drown  
Anyone would drown

#### 8. Lifesize Lyrics

We stood so tall, we caught a plane  
By the wing and held it safe  
Until we found it a place to land

We laid across the ocean wide

Bridged the gap in record time  
The people traveled across and kissed our hand

Oh, for love we become larger than lifesize  
[Incomprehensible] great in the eyes of someone  
Larger than lifesize we become  
Great in the eyes of someone

We smile so bright, the sun went down  
It rose above the maddening crowd  
It lit the streets with the sweetest glow

We held the glow then made a turn  
Wandered through the universe  
The men of science observed through telescopes

Oh, for love we become larger than lifesize  
[Incomprehensible] great in the eyes of someone  
Larger than lifesize we become  
Great in the eyes of someone

Larger than lifesize we become  
Larger than lifesize we become  
Great in the eyes of someone

#### 9. Near To You Lyrics

He and I, it's somethin' beautiful  
But so dysfunctional, it couldn't last  
Loved him so but I let him go  
?Cause I knew he'd never love me back

Such pain as this  
Shouldn't have to be experienced  
I'm still reeling from the loss  
Still a little bit delirious, yeah

Near to you, I am healin'  
But it is takin' so long  
?Cause though he's gone and you are wonderful  
It's hard to move on  
Yeah, I'm better near to you

Well, you and I, it's somethin' different  
And I'm enjoyin' it as cautiously  
I'm battle scarred, I am workin' oh so hard  
To get back to who I used to be

He's disappearin'  
Fadin' steadily  
When I'm so close to bein' yours

Won't you stay with me, please?

?Cause near to you, I am healin'  
But it is takin' so long  
?Cause though he's gone and you are wonderful  
It's hard to move on  
Yet I'm better near to you  
Yeah, I'm better near to you

I only know that I am better where you are  
I only know that I am better where you are  
I only know that I belong where you are

Near to you, I am healin'  
But it's takin' so long  
Though he's gone and you are wonderful  
It's hard to move on

Near to you, I am healin'  
But it's takin' so long  
?Cause though he's gone and you are wonderful  
It's hard to move on  
Yeah, I'm better near to you  
Yeah, I'm better near to you

#### 10. Rangers Lyrics

The paths have been crossed  
The crumbs are gone and the way, and the way is lost  
Melancholy phantoms eye our skins  
And poisoned apples falling with the wind

Hear the sigh of the trees  
Those who enter here never leave

And the rangers stream out of their cabins  
They are the hunters, we are the rabbits  
And maybe we don't wanna be found  
Maybe we don't wanna be found

Further in the hole we go  
Saddest creatures tugging at our clothes  
Cutting through the twilight, sword in hand  
Strangers once united against the land

At the sound of the bells  
They're pulling paper lanterns from their shelves

And the rangers stream out of their cabins  
They are the hunters, we are the rabbits  
And maybe we don't wanna be found

Maybe we don't want you tracking us down

The rangers stream out of their cabins  
Raising their muskets, flashing their badges  
But maybe we don't wanna be found  
Maybe we don't wanna be found

Let's keep hiding, all quiet like  
They'll keep seeking but they won't find us  
Let's keep living a quiet life  
You and I, you and I

And the rangers stream out of their cabins  
They are the hunters, we are the rabbits  
And maybe we don't wanna be found  
Maybe we don't want you tracking us down

The rangers stream out of their cabins  
Raising their muskets, flashing their badges  
Well, maybe we don't wanna be found  
Maybe we don't wanna be found

#### 11. The Minnow & The Trout Lyrics

"Help me out", said the minnow to the trout  
"I was lost and found myself swimming in your mouth  
Oh, help me, chief, I've got plans for you and me  
I swear upon this riverbed, I'll help you feel young  
again?"

Oh, not your everyday circumstance  
A humming bird taking coffee with the ants

And I said, "Please, I know that we're different  
We were one cell in the sea in the beginning  
And what we're made of was all the same once  
We're not that different after all?"

"Help me out", said the eagle to the dove  
"I've fallen from my nest so high above  
Oh, help me fly, I am too afraid to try  
Now set up in the fear of heights  
I'm praying you can set me right?"

Oh, not your everyday circumstance  
The elephant sharing peanuts with the rats

And I said, "Please, I know that we're different  
We were one cell in the sea in the beginning  
And what we're made of was all the same once  
We're not that different after all?"

We are tied in history  
[Incomprehensible] connected like a family  
We are tied in history  
[Incomprehensible] connected like a family, family

So please, I know that we're different  
We were one cell in the sea in the beginning  
And what we're made of was all the same, was all the same  
We're not that different after all

## 12. Think of You Lyrics

It's one hundred and nine degrees  
In this crowded room, no room to breathe  
With walls as cold as a gallery  
This is no place for me

Such hard faces set in smoke  
The smell lingers in my clothes  
It's a bad night to be alone  
But that's the way it goes

And I think of you whenever life gets me down  
I think of you whenever you're not around  
And you rest your bones somewhere far from my home  
Yeah, but you still pull me home

I thought I had it figured out  
In a brand new life with a great big house  
And green initials on the towels  
I should be happy now

Well, you got yourself a family  
And you planted roots down by the sea  
I saw you once on the street  
You didn't notice me

But I think of you whenever life gets me down  
I think of you whenever you're not around  
And you rest your bones somewhere far from my home  
Yeah, but you still pull me home

Just to put your mind at ease  
You don't owe me anything  
You paid me well in memories

And I think of you whenever life gets me down  
I think of you whenever you're not around  
And you rest your bones somewhere far from my home

Yeah, but you still pull me home

Yeah, you still pull me home  
You still pull me home

### 13. Whisper Lyrics

Running the race like a mouse in a cage  
Getting nowhere but I'm trying  
Forging ahead but I'm stuck in the bed  
That I made so I'm lying

But if you keep real close  
Yeah, you stay real close  
I will reach you

I'm down to a whisper  
In a daydream on a hill  
Shut down to a whisper  
Can you hear me still?

Eager to please, trying to be what they need  
But I'm so very tired  
And I've stopped trying to find any peace in my mind  
Because it tangles the wires

But if you keep real close  
Yeah, you stay real close  
I will reach you

I'm down to a whisper  
In a daydream on a hill  
Shut down to a whisper  
Can you hear me?  
Can you hear me still?

The sound tires on my lips  
To fade away into forgetting

I'm down to a whisper  
In a daydream on a hill  
Shut down to a whisper  
Can you hear me?  
Can you hear me?

I'm down to a whisper  
In a daydream on a hill  
Shut down to a whisper  
Can you hear me?  
Can you hear me still?

#### 14. You Picked Me Lyrics

One, two, three  
Counting out the signs we see  
The tall buildings  
Fading in the distance  
Only dots on a map

Four, five, six  
The two of us, a perfect fit  
You're all mine, all mine  
And all I can say  
Is you blow me away

Like an apple on a tree  
Hiding out behind the leaves  
I was difficult to reach  
But you picked me

Like a shell upon a beach  
Just another pretty piece  
It was difficult to see  
But you picked me  
Yeah, you picked me

So softly  
Rain against the windows  
And the strong coffee  
Warming up my fingers  
In this fisherman's house

You got me  
Searched the sand and climbed the tree  
And brought me back down  
And all I can say  
Is you blow me away

Like an apple on a tree  
Hiding out behind the leaves  
I was difficult to reach  
But you picked me

Like a shell upon a beach  
Just another pretty piece  
I was difficult to see  
But you picked me  
Yeah, you picked me

Like an apple on a tree  
Hiding out behind the leaves  
I was difficult to reach

But you picked me

Like a shell upon a beach  
Just another pretty piece  
I was difficult to see  
But you picked me

Like an apple on a tree  
Hiding out behind the leaves  
I was difficult to reach  
But you picked me

Like a shell upon a beach  
Just another pretty piece  
I was difficult to see  
But you picked me  
Yeah, you picked me
