At first we started out just being friends
But I won't deny I had other plans
I always tried to reach the promised land
I'm a wolf in disguise, but what's a man to do?
I can't take my eyes off you girl

Your lips are moving but I only see your body talk
You're talking to the devil in me girl, now make it stop
I think I'm going crazy, come on better lock me up
I wanna get down, what you waiting for?

Let's get physical, so many things I'll do to you girl
Put your legs up if you feel me, feel me yeah
Irresistible, how come you won't just let me in girl
Put your legs up if you feel me, feel me yeah
Let's get physical

I'm sick and tired of being just a friend
We've been out for a while won't you let me in
I'd love to know you better then again
Baby I won't survive just to talk to you
I've never been so abused girl

Your lips are moving but I only see your body talk
You're talking to the devil in me girl, now make it stop
I think I'm going crazy, come on better lock me up
I wanna get down, what you waiting for?

Let's get physical, so many things I'll do to you girl
Put your legs up if you feel me, feel me yeah
Irresistible, how come you won't just let me in girl
Put your legs up if you feel me, feel me yeah
Let's get physical

Break the curve for the good time girl
Bite this well try to let go girl
You drive me insane so don't waste my time
Treat yourself with some bedtime
Cause you're so moist and you're smooth
This friendship I can't approve
All I do is keep you entertain

But I can play better girl
Hearing you say your heart resent it
Move your body when you're ready
I bet I ain't the roller, I look crazy
Love me love baby girl

Let's get physical, so many things I'll do to you girl
Put your legs up if you feel me, feel me yeah
Irresistible, how come you won't just let me in girl
Put your legs up if you feel me, feel me yeah
[x2]

Let's get physical
Put your legs up if you feel me
So many things I'd like to do
Put your legs up if you feel me
Let's get physical
