Magic, magic, magic
Magic, magic, magic
Magic, magic, magic
Magic, magic, magic

Ooh, ooh, is that magic
Ooh, ooh, is that magic, ooh

Another lonely day
Another lonely night
Here we go again
Out of touch and out of sight

This is the story of a boy meets a girl
Lost and alone in a great big world
Lonely downhearted feeling the pain
I never thought I could be this way

It doesn't matter what you say
It doesn't matter what you do
You feel the thunder
Then you're under the spell
And only time will tell

If it's magic, magic, magic
Magic, magic, ooh
Is it magic, wooh

I'm talking in my sleep
Living in a dream
First you cast your spell
One kiss and I fell

Now only time will tell
If it's magic, magic, magic
Magic, magic, ooh
Is it magic, wooh

Magic, magic, magic
Magic magic, ooh
Is it magic, wooh

All my life I was waiting for a girl like you
Now that you're here what can I do
Since you came along, you said it all
How was I to know that I could fall

Into your magic, magic, magic
Magic, magic, ooh
Is it magic, wooh

All my life I was waiting for a girl like you
Now that you're here what can I do
Since you came along, you said it all
How was I to know that I could fall

Into your magic, magic, magic
Magic, magic, ooh
Is it magic, wooh

Magic, magic, magic
Magic, magic, ooh
Is it magic, I don't know

Only time will tell
