

A Flock Of Seagulls

"Tele communication"

Visit "[Tele communication](#)" on MotoLyrics.com

Ultraviolet, radio light,
to your solar system, on a beam of light.

This is telecommunication, telecommunication.
Telecommunication, telecommunication.

Laser beam, coming through the light,
to my TV screen, to my color eye.

This is telecommunication, telecommunication.
Telecommunication, telecommunication.

Video screen, silver page,
with a new calibration, for the nuclear age.

This is telecommunication, telecommunication.
Telecommunication, telecommunication.
This is telecommunication, telecommunication.
Telecommunication, telecommunication.
This is telecommunication, telecommunication.
Telecommunication, telecommunication.
Telecommunication, telecommunication.
Telecommunication, telecommunication.
