I am a traveller  
And I'm arriving  
In a new place  
With a new face

So don't stop, stop, stop, stop, stop, stop  
Don't look behind you  
You don't stop, stop, stop, stop, stop, stop  
They'll never find you

I am a traveller  
Across the ocean  
I wanna get there  
I wanna swim in your emotion

So don't stop, stop, stop, stop, stop, stop  
Don't look behind you  
You don't stop, stop, stop, stop, stop, stop  
They'll never find you

I am the traveller  
Across a million miles of open  
I wanna get there  
I wanna swim in your emotion

I won't stop, stop, stop, stop, stop, stop  
Won't look behind you  
They won't stop, stop, stop, stop, stop, stop  
Until they find you

I am a traveller  
I am a traveller  
I am a traveller  
I am a traveller  
Traveller  
Traveller
