Underneath
A summer night willow tree
Love's sweet gravity
Keeps me and you
Dancin' on the moon

It's plain to see
Baby we're a mystery
I feel you sink into me
And me to you
Dancin' on the moon

Down by the river
Weightless kisses in the wind
Higher and higher
Way up where Heaven begins
Angel me and you
Dancin' on the moon

The stars align
When you put your hand in mine
Spin around another time
Take in the view
We're dancin' on the moon

Down by the river
Weightless kisses in the wind
Higher and higher
Way up where Heaven begins
Angel me and you
Dancin' on the moon

Underneath
A summer night willow tree
Love's sweet gravity
Keeps me and you
Dancin' on the moon
Dancin' on the moon
