Took a little drive down 95
As far south as we could go
Bellied up in love to a bar down on the coast
The Pina Colada's that the bartender bought us
Got us out on the floor
It felt so right I couldn't feel my feet no more

The band played sitting on the dock of the bay
But time sure wasn't wasted away

You and me baby caught up in a kiss
Never could have dreamed a dream like this
With the palm trees swaying and music playing
You're looking at me and I'm looking at you
I know what you're thinking
'Cause I'm thinking it too
We're as close to heaven
As we'll ever get
It's one in the morning
And the good news is
The night ain't over yet

We tipped the band and walked out on the sand
Under the stars by the ocean
Didn't know where we were
But we knew where we were going
We got a late night snack at the Sugar Shy
And after that, you know...

You and me baby caught up in a kiss
Never could have dreamed a dream like this
With the palm trees swaying and music playing
You're looking at me and I'm looking at you
I know what you're thinking
'Cause I'm thinking it too
We're as close to heaven
As we'll ever get
It's three in the morning
What a beautiful thing
The night ain't over yet

Thank God for the band, the rum and the ocean
For setting this wonderful night in motion

'Cause you're looking at me and I'm looking at you
I know what you're feeling
'Cause I'm feeling it too
Lying here is as good as it gets
Oh, the sun's coming up
Yeah, the sun's coming up
But the night ain't over yet
But the night ain't over yet, baby

Thank God for the band, the rum and the ocean
For setting this wonderful night in motion

Took a little drive down 95
As far south as we could go
Bellied up in love to a bar down on the coast
