You stormed my winter palace  
You rid my heart of every bit of malice baby  
You're how I won the war  
Now your bags are packed  
Your walking out the door  
In every way  
There is nothing to say anymore

This is the long goodbye  
Maybe the tears will never dry  
This is the long goodbye

Take your records, leave me mine  
You're the one who said  
We lived it all on the borrowed time  
So, at the end of the day  
There was nothing to say anymore

This is the long goodbye  
Maybe the tears will never dry  
This is the long goodbye  
Leaving the past and you behind  
This is the long goodbye

Take a good look, make it last  
And when you've found the moments' past  
Just remember that  
Nobody loved you like me  
Nobody loved you like me  
Nobody loved you like me  
Nobody loved you... like me

This is the long goodbye  
Maybe the tears will never dry  
This is the long goodbye  
Leaving the past and you behind  
This is the long goodbye  
I'm out of words, I'm out of time  
This is the long goodbye  
This is the long goodbye  
This is the long goodbye
