Hey fuckhead weekend party jock
You're just a piece of shit that talks
Hey rich sorority goldie locks
Out getting raped or suckin cock
Hey high school homie gangster snot
Hope your stabbed hope your shot
Hey dreaded white kid smoking pot
Trying to be what your not
Hey suit and tie I hipe you die
You laugh at me your lifes a lie
Hey clever jerk just ring it up
Caus any jerk could work your jo
Hey critic nerd hear this you slob

With mouth on retro rocker nob Wont all you losers cut
it short
So I dont have to hear your shit anymore..

Kill yourself-Draino cocktail off a cliff
Kill yourself-ill the tub and slit your wrists
Kill yourself-Hangmans noose shot through the mouth
Kill yourself-You should be sick to death of yourself.
