Intro: Belly]

Let's go, Yeah

I'm back man

For the first time

I see that look on your face

Come on

[Chorus: Ginuwine]

I think they feel the pressure [x4]

I know they feel the pressure [x4]

Nowwww!

[Verse 1: Belly]

Swear to gud I'm about to blow

I'm coming in y'all going out the door

You can hate you can doubt the floor

But tell the whole globe it's about to snow

Broads cause with the deals of cheddar

I ain't involved if ain't a mill or better

You feel the pressure I know you do

Roast is rove as I overdue

I do it how you suppose to do

Get rich before rap no loans or crew

I'm with the crow flow a little promo do

Stones looking like a million little photo shoots

Maybe that's why all the models stop

Same time to draw and the pride is dropped

They feel the pressure like bottle tops

Right before the bottle pop

Owww!

[Chorus]

[Verse 2: Belly]

It's Belly boy get the name right

I paint life you can ask what my game like

Get introduced in the daylight

Seduce and not Bruce in the same night

Girls kill for a hem

That's me the new day feel more slim

I have you sweating till you feel more slim

If you wanna feel less them then feel more him (I knowww)
I have to win that's right whole life full of acronyms
ED on the chest, CP on my chest
AC on the seats, TV in the deck
SLR couple GTs in the S
DVD when I speak, 200 Gs on my neck
It's B do you feel the pressure yet
I'm MJ what do you seck his left
Yesss!

[Chorus]

[Verse 3: Ginuwine]
It's plain pressure and I know you feel it
Got you freaking got you bouncing
So we like it like that
Belly and Ginuwine and we just won't stop
Say ohho woaho ohh (ohho woaho ohh)
Say ohho woaho ohh (ohho woaho ohh)
We got bottles popping
Females doing what they wanna do and they can't stop
screaming
So we like it like that
Belly and Ginuwine and we just can't stop
Say ohho woaho ohh (ohho woaho ohh)
Say ohho woaho ohh (ohho woaho ohh)

[Chorus]
