Wheels turn, smoke rise
Chrome wings, low ride
The freeway, red line

To city lights electric I glide
If there's escape from your illusion
You gotta break the whole constitution

A concrete, touch sky
Main street, the dogs lie
Steel bird and black tie

Is this what they call the freedom you buy?
Look at him behind the delusion
All you hear is the voice of confusion

The bad boy's back
The bad boy's back in town, oh yeah
The bad boy's back
Don't you shoot him down

Wheels spin, ace high, no win, no life
One world, truth lies
Love's just a word on a red neon sign
If there's escape from the conclusion
You gotta shake the whole institution

The bad boy's back
The bad boy's back in town, oh yeah
The bad boy's back
Don't you shoot him down

If there's escape from your illusion
You gotta break the whole constitution

The bad boy's back
The bad boy's back in town, oh yeah
The bad boy's back
Don't you shoot him down

I said, the bad boy's back
The bad boy's back in town, oh yeah

The bad boy's back
Don't you shoot him
