It's all gone wrong
I just can't take no more
So don't you push me with your lies

Another parking fine
Ten more deadly bills
They say it's gonna rain again

They tried to comfort you
To take the pain away
The words they said to you
Could never be explained
COME MAKE MY DAY....
Come Make My Day...

This useless radio
There's traffic everywhere
I wonder where she was last night

Why are we standing still?
It's so hard to breathe
Stop the voices in my head

They tried to comfort you
To take the pain away
The words they said to you
Could never be explained
COME MAKE MY DAY....
Come Make My Day...

Let me out of here
The clouds are closing in
I need to see her one more time

They tried to comfort you
To take the pain away
The words they said to you
Could never be explained
COME MAKE MY DAY....
Come Make My Day...
Come Make My Day...
Come Make My Day...
