So early in the morning  
It's the same now every day  
Sign your name and number  
Cutting from the ball and chain

Never letting go when  
The weight was so deceiving  
Treading on a turning wheel

Machinery is screaming  
Shoulder to the stone again  
Praying for the evening  
Hiding as the fist hits steel

Never letting go when  
The weight was so deceiving  
Treading on a turning wheel

Enough's enough, it's eye to eye  
Enough's enough, we cry  
Enough's enough, of smoke and steel  
Enough's enough of turning this wheel

Looking at his picture  
Steel did turn the skin to bone  
Father I remember  
The hands that had to break the stone

Never letting go when  
The weight was so deceiving  
Treading on a turning wheel

Enough's enough, it's eye to eye  
Enough's enough, we cry  
Enough's enough, of smoke and steel  
Enough's enough of turning this wheel  
Of turning this wheel

Never letting go when  
The weight was so deceiving  
Treading on a turning wheel

La, la, la, la, la  
La, la, la, la, la  
La, la, la, la, la, la  
[Incomprehensible] are holding you

La, la, la, la, la  
La, la, la, la, la  
La, la, la, la, la  
[Incomprehensible] are holding your hand
