Now it's time to put the past behind us
I want to see you shining like the sun
Always reaching higher keep it all in mind
Now we got to take it all the way today

'Cause I'm a runner with the wind
I'm a gypsy soul
I am calling you again
Now it's time to go

I'm a runner with the wind
I'm a gypsy soul
There will always be tomorrow
Gypsy soul

I hear you say you want to stay with me now
There comes a day when you know which way to turn
Not very far until we're finally home
It's time for us to head on down that road again
'Cause I'm a runner with the wind
I'm gypsy soul
I am calling you again
Now it's time to go

I'm a runner with the wind
I'm a gypsy soul
There will always be tomorrow
I'm a gypsy soul
Gypsy soul
Gypsy soul
To only you and I

'Cause I'm a runner with the wind...
