Who are we?
Casting the diamonds in her virgin sea
Look into the sinking sand, the moments rushing with
no end
With every time the less there is to see
(To be free)

The sky grows darker by the hour
Your mind pollution, your world power
(Don't Throw It All Away)
This barren land is alter-Eden
Here we are... Here we start

Turn back the hands of time
Just put your hands in mine
Hold back the hands of time
Turn back the hands of time

Who is he?
The master of all wisdom turns the key
The wheels are spinning 'round the sun
Synchronized and locked as one
So travel back beyond the mist with speed
(To Be Free)

The sky grows darker by the hour
Your mind pollution, your world power
(Don't Throw It All Away)
This barren land is alter-Eden
Here we are... Here we start

Turn back the hands of time
Just put your hands in mine
Hold back the hands of time
Turn back the hands of time

The sky grows darker by the hour
Your mind pollution, your world power
(Don't Throw It All Away)
This barren land is alter-Eden
Here we are... Here we start

Turn back the hands of time
Just put your hands in mine
Hold back the hands of time
Turn back the hands of time
Turn back the hands of time
Just put your hands in mine
Hold back the hands of time
Turn back the hands of time
