There's a black Siberian  
Look a white guy in the sun  
Miles away from where the quest begun

From the ice to the sand  
Nations moved across the land  
Ever since time designed the man

Someday to return  
To the place of my birth

I'm a long way from home  
But I know just where I belong  
It's a long way I know  
But the heart will still carry me home  
(Long way from home)

Firewater in the blood  
Took away their livelihood  
Giving thanks every single year

Who the hell owns this land?  
Is it god or is it man?  
But with the blood we draw the line again, again

I want to return  
To the place of my birth

I'm a long way from home  
But I know just where I belong  
It's a long way I know  
But the heart will still carry me home

(Long way from home)  
But I know where I belong  
It's a long way I know  
But the heart will still carry me home  
(Long way from home)

I'm a long way from home  
But I know where I belong  
Long way to go

Take me home

I'm a long way from home  
But I know just where I belong  
It's a long way I know  
But the heart will still carry me home

(Long way from home)  
But I know where I belong  
It's a long way I know  
But the heart will still carry me home

It's a long, long way  
It's a long, long way  
(Long way from home)  
(Long way from home)  
(Long way from home)
