You tell me lies that you believe
You say it's the real thing
I can see how you've deceived
I know what's happening

And seeing is believing 'til you find out
That you're blind

You're lying to yourself
(Lying to yourself)
You're lying to yourself
(Lying to yourself)

Wake up, shake up, turn around
I'll give it to you straight
It's been too long, it's past a joke
Something I can't take

The cost is due, now tell me
Money ain't the means

You're lying to yourself
(Lying to yourself)
You're lying to yourself
(Lying to yourself)

Lying to yourself again
You're lying to yourself again
(You're lying to yourself again)

You're lying to yourself again
You're lying to yourself again
(You're lying to yourself again)

Lying in the morning
I'll kiss you goodbye
You won't regret a part of this
And neither will I

Revealing hearts with a common need
Play their hands

You're lying to yourself
(Lying to yourself)
You're lying to yourself
(Lying to yourself)
