In the movement of the waves  
Feel the rushing of the wind  
You're in everything I see

Like a visionaries dream  
Preaching to the silence  
It's waiting for me

Like a moon under the water  
There's a sky under the sea  
This world is like an ocean  
And it's drownin' me

There's a moon under the water

Throw a stone into the pool  
See the ripples run forever  
And time, for longer still

See the moon under the water  
Like a sky under the sea  
This world is like an ocean  
And it's drownin' me

Like a moon under the water  
There's a sky under the sea  
This world is like an ocean  
It's drownin' me, it's drownin' me

Oh, can't you see it's drownin' me?  
Yes, it's drownin' me

There's a moon under the water  
There's a moon under the water  
There's a moon under the water  
There's a moon under the water

There's a moon under the water  
There's a moon under the water  
There's a moon under the water  
There's a moon under the water
