Many days I've traveled, but I know not where I'm going  
to  
I'm lost, lost along the way  
From Mexico to Paris, always the same solitary circle  
In an empty cafe

Their faces were so empty, meaningless and negative  
to me  
I could have died  
The bodies and the strangers reflected in their glasses  
as they drank  
Not seeing eye to eye

Ride easy my friends, this journey ends  
Before it begins  
Ride easy my friends, this story ends  
Before it begins

Long dead winter, when I thought that spring would  
never come again  
Melting the snow  
Many days I've reveled, evenings through to mornings  
through to evenings  
With nothing to show

Ride easy my friends, this journey ends  
Before it begins  
Ride easy my friends, this story ends  
Before it begins, oh

Their faces were so empty, meaningless and negative  
to me  
I could have died  
The bodies and the strangers, reflected in their  
glasses as they drank  
Not seeing eye to eye

Many days I've traveled, going 'round in social circles  
lost  
Lost along the way  
Many nights I've reveled, but I thought I saw the  
message in a bottle

And drifting away

Ride easy my friends, this journey ends

Before it begins

Ride easy my friends, this story ends

Before it begins
