I say, no way
You've gone and stepped across that fine line
I cried, you lied
I tried, maybe a thousand times before
I can't take no more

Too late
You let the sun go down
Too late
You changed direction
Too late
For you to turn around
We tried everything

Move on, so long
Two side to every story
You told, good nights
Bad days, time to go our separate ways
I can't say no more

Too late
You let the sun go down
Too late
You changed direction
Too late
For you to turn around
We tried everything

Too late
You let the sun go down
Too late
You changed direction
Too late
For you to turn around
We tried everything

Too late
Listen Away
Too late
Listen Away
Too late
Listen Away

Too late
Listen Away

Too late
You let the sun go down
Too late
You changed direction
Too late
For you to turn around
Too late
You let the sun go down
Too late
Too late
For you to turn around

Too late
Too late
Too late
Too late
Too late
Too late
