(Payne/Downes)
It crawls inside you
Like a strange disease
One time the giver
Next time the thief
I know what you know
So I won't let this go

You choose your brother
If he looks the same
You dirty white boy
It's all for gain
But I know what you know
So I won't let this go

What about love?
And the human race
What about love?
It's a different face
What about love?
Why can't we embrace?
I've got to know
I want to know

The start of reason
Is the end of hate
Progressive healing
For the corporate
But I know what you know
So I won't let this go

What about love?
And the human race
What about love?
It's a different face
What about love?
Why can't we embrace?
I've got to know
What about love?
And the human race
What about love?
It's a different face

What about love?
It's a big disgrace
I've got to know
I want to know
