I'm alone, I am tired
and I'm breathing too hard
to make it on my own
I am lonely
I am weightless
I am breathing
and I can't keep gasping for this air
My lungs are just bursting
and everyone inside
keeps on asking me what I am doing with my life
and I say we're not gunna die
We're gunna live, we're gunna try
Razorblades could never kill this kind of cancer
But I saw you in the night oh waiting
for me, with a knife, if you want me baby
Here I am
I'm alone, I am tired
and I'm breathing too hard
to make it on my own
I am lonely
I am weightless
I am breathing
and I can't keep gasping for this air
Here I keep on going
My eyes just never close
Everything is asking me, do you know where this goes
We're not gunna die, we're gunna live
We're gunna try, razorblades could never kill
this kind of cancer
But I saw you in the light oh waiting for me
with a knife, if you want me baby
Here I am
We're not gunna die, we're gunna live
We're gunna try, cause razorblades could never kill
this kind of cancer
So I saw you in the light while waiting for me
with a knife, well if you want me, if you want me
I can save you, I can be you
I can ???? I can ????
Do you know how it feels?
I can save you, I can be you

I can ???? I can ????

Do you know how it feels to be alone?
