I'll tell you a secret I hope you can keep it  
I hope you can keep my secret close don't tell a soul  
don't tell a soul.  
I've been waiting just to see this I've been waiting to let  
this out.  
I know she sees it. I can see it in her eyes no doubt.  
she makes her way downtown. she makes her way  
downtown  
all I wanted was something real I all wanted all I wanted  
was something real  
something real just so I could feel just so I could feel  
tell me don't you know what I think about at night  
I'll tell you something I'll tell you something  
I think of you  
I'm murdered apart as I drove a car back home back  
home  
from chain reaction to my distraction was the fake  
eyelashes  
I wanted snatch them right off her eyes  
off her eyes  
off her eyes I wanted to snatch them  
I've never seen anything quite so perfect  
I've never seen anyone quite so pure  
I've never seen anything that I wanted more. more than  
you.  
I never thought I'd be so ?battered? like this.  
I never thought his feeling ever existed I never knew  
that I would meet someone like you but I did  
but I did you're the shit bitches sweetest bitches  
sweetest  
so I'll try to make my mind up but it never came out  
right  
so I know I left but I'm leaving for you it goes girl you're  
the shit.  
and now I know one thing one thing I know is that I'd  
never let you go for them.  
I've been waiting for something something that would  
take my breath away and that is you  
and tonight I'll try and let you go back where we started  
it was only a month ago at dipiazs at the pizza place  
where I met you  
you walked right through that door

and your friends merely wanted to fight me especially  
the merch man  
he was wearing camouflage pants  
he was a hardcore kid for sure  
they were from florida but they sucked  
they're probably the worst band I've ever played with  
but they were your friend.
