I can feel something blowing in the air tonight
In this valley, I am sensing something
So Iâ€™ll keep my eyes planted on the eastern sky
I wonâ€™t even for a minute close my eyes

I can read the mountains; they are writing to me
Come to the horizon and weâ€™ll meet
Should I leave my home? When adventure beckons,
go?
And abandon my own front door?

Oh, I think Iâ€™ll go
Iâ€™m not afraid of the unknown
Iâ€™ll look right in the eye of my greatest foe
Oh, I think Iâ€™ll go

Cause Iâ€™m not a slave of my security
Iâ€™ll take on a challenge or two or three
Lets explore the land and conquer the sea
By the light of the fire, weâ€™ll sing

Oh, I think Iâ€™ll go
Iâ€™m not afraid of the unknown
Iâ€™ll look right in the eye of my greatest foe
Oh, I think Iâ€™ll go
