If you didn't come to party then you better go home
Yeah, get it right, she's a pop star
Big Bully, let's go
Tring Tring
Where you at baby?

Tonight, this ain't for the bougie at all
The type that likes to hit the club and hold up the wall
Tonight, I wanna see you with your hands in the air
When the beat drops, wanna see you shake your
derriÃ"re

Tonight, it's gonna be out of control
Ain't trippin' on dress code
Party rock on overload
Can you hear the sound
Flashing lights are everywhere
Dancing like we don't care
Put your hands in the air

It's gonna be 1-2-3 o'clock, 4 o'clock rock
DJ playing all the jams so the party don't stop
Got some drink in my cup, taking me to my zone
If you didn't come to party then you better go home
Oh oh, oh oh, then you better go home
If you didn't come to party then you better go home
Oh oh, oh oh, then you better go home
If you didn't come to party then you better go home

Tonight, we're gonna party till a new day begins
Go to sleep, wake up and then we're gonna do it again
Tonight, we might do something totally off the wall
But nobody really cares cause we're just having a ball

Tonight, it's gonna be out of control
Ain't trippin' on dress code
Party rock on overload
Can you hear the sound
Flashing lights are everywhere
Dancing like we don't care
Put your hands in the air

It's gonna be 1-2-3 o'clock, 4 o'clock rock
DJ playing all the jams so the party don't stop
Got some drink in my cup, taking me to my zone
If you didn't come to party then you better go home
Oh oh, oh oh, then you better go home
If you didn't come to party then you better go home
Oh oh, oh oh, then you better go home
If you didn't come to party then you better go home

Hands in the air, drink in my glass
DJ is rocking, we're having a blast
And nobody cares about the time
We're gonna party all night yeah

It's gonna be 1-2-3 o'clock, 4 o'clock rock
DJ playing all the jams so the party don't stop
Got some drink in my cup, taking me to my zone
If you didn't come to party then you better go home
Oh oh, oh oh, then you better go home
If you didn't come to party then you better go home
Oh oh, oh oh, then you better go home
If you didn't come to party then you better go home
