Fuck everyone who cannot see just how amazing you are

Super hero

So impressive are your powers Of toleration and persistence These are the things that kept me around for so long

Stung by your fatal lips has wounded me Save me from this poisoned city

And everyday I'm still amazed

By your stunning, beauty Carnal attraction

Save me from this dying town and save me.

Please save me Take care Of us all Provide safe ground

All I've done is bring pain into this world. Your life was worse of me.

She can fly Fly She can not fly.

Stung by your fatal lips has wounded me Save me from this poisoned city

Looking up at life Wondering how I got here I can't remember a thing But who cares When it feels this right But who cares when it feels this right
