Go on and do what you gotta do  
'cuz I refuse to make the first move  
This waiting is such abuse  
Oh, you're loving it?  
Well, I am not amused  
Don't threaten me with a good time  
I think you should leave tonight  
Maybe I should take my own advice  
But it's hard to when you...

Lick your lips, you shake your hips  
Oh my God, those eyes looking into mine  
Baby!  
We're breathing in rhythm and you're making me sweat  
I can barely stand the thought of it  
Baby!

What if in the beginning, before we would even start  
We'd break the laws of attraction to avoid a broken  
heart

You say I take your breath away  
Make your heart skip a beat  
Make your body shake  
'til you're weak in the knees and can't hardly speak  
You shouldn't have to disguise your truths with alibis  
Maybe I should take my own advice  
But it's hard to when you...

Lick your lips, you shake your hips  
Oh my God, those eyes looking into mine  
Baby!  
We're breathing in rhythm and you're making me sweat  
I can barely stand the thought of it  
Baby!

What if in the beginning, before we would even start  
We'd break the laws of attraction to avoid a broken  
heart  
(x2)

Slow, you roll

You'll slowly find your way home  
To show a different side of you  
A point of view, obscure and it's skewed  
So go on and do what you gotta do  
So go on and make your move

So put on those boots just to take it off baby  
And dance until you ain't got no heart  
So, so put on those boots just to take it off baby  
And dance until you ain't got no heart

What if in the beginning, before we would even start  
We'd break the laws of attraction to avoid a broken  
heart  
(x2)

(So put on those boots just to take it off baby  
And dance until you ain't got no heart)  
(x2)
