I don't have no ring
But I can steal one on the way
I'll be making good on all the promises I've made,
I never had much money, but I got a little saved.
Baby leave the light on, I'll be coming over late.

A face just like an angel, there's a lion in your eyes
You could tempt the devil, and I wouldn't be surprised.
You believe in ghosts, you're the girl I love the most,
You could've had the better man, but I'm the one you
chose.

So when I say I need you, and I'm never gonna stop
Believe me cause I mean it from the bottom of my
heart
But don't you ever doubt I will give it all I got,
I'll be scraping up the pieces from the bottom of my
heart.

You're staring at it differently out in the light of day
I may have missed the party, but there's flowers on the
way.
You say, "no one needs to save you, and no one ever
should"
Pull yourself together boy, it'll only do you good.

So when I say I need you, and I'm never gonna stop
Believe me cause I mean it from the bottom of my
heart
But don't you ever doubt I will give it all I got,
I'll be scraping up the pieces from the bottom of my
heart.

I could be delivered, I could go to rest on high.
Up in paradise forever, in the gold and shining sky.
It couldn't feel much different, then the years I had
alive.
Staring up into the heavens, with you lying by my side.

So when I say I need you, and I'm never gonna stop
Believe me cause I mean it from the bottom of my

heart

But don't you ever doubt I will give it all I got,
I'll be scraping up the pieces from the bottom of my
heart

You believe in ghosts, you're the girl I love the most,
You could've had the better man, but I'm the one you
chose.

So when I say I need you, and I'm never gonna stop
Believe me cause I mean it from the bottom of my
heart

But don't you ever doubt I will give it all I got,
I'll be scraping up the pieces from the bottom of my
heart x 4
