Bottoms Up  
by A Hole Inside

She isn't with anyone, she needs noone  
She has an argument withing an excuse to be thin  
But wait I have to understand  
Why Does she have to pretend  
So why does she have to pretend that this is not the  
end

[chorus]  
So she opens the bottle again just to laugh and don't  
feel the pain  
And forget that she crushed the one(2x)  
That she met  
The one  
That she met

So whats within love when she feels nothing  
She's the face of ignorance if this is what she calls  
romance  
But fuck it, bottoms up let the alcohol sink in  
Ley it sink in so she can find the strenght within

Afraid to loose so she ignores the one she choose  
That one who cares the one who dares to give her  
everything he has

[chorus]  
So she opens the bottle again just to laugh and don't  
feel the pain  
And forget that she crushed the one(2x)  
That she met  
The one  
That she met.....

The one that she met!

[chorus]  
So she opens the bottle again just to laugh and don't  
feel the pain  
And forget that she crushed the one(2x)

That she met  
The one  
That she met

The one that she met!
