☺→ä,€å¹•ã€€Chapter 1

What I'm seeingâ€|â€|Is it real?

What I'm feelingâ€|â€|Is it real?

What I'm doingâ€|â€|Is it real?

There is no regrets, satisfy my curiosities
There is a new world waiting, explore my possibilities
There is no guarantee, just improve my abilities

There is a choice to make, setting the right priorities

There is no regrets, satisfy my curiosities
There is a new world waiting, explore my possibilities
There is no guarantee, just improve my abilities
There is a choice to make, setting the right priorities

☺→ä°CEå¹•ã€€Chapter 2

I was sitting and thinking the other day

If I fail, I won't throw my passion away

Just 'cause giving up is not the only way
No matter how it's gonna be, I'll try it anyway

☺→ä,%å¹•ã€€Chapter 3

Love is such a sweet illusion (Let's come together)
Can't seem to stop my imagination (Goes on forever)
What a ridiculous situation (Another matter)
But I can't deny, I'm faced with a tricky temptation

In the world that keeps on changing
Don't know why my heart is aching
Gotta handle it, no more hesitation
There can be no turning back

God only knows
"My mind is as free as the wind
But now what I should do is to fall in love"

God only knows
"I don't need that kind of real things
Feels like I'm lost in the labyrinth"

God only knows
"There must be the meaning of life
Somehow unexpected happenings thrill me"

God only knows
"Just believe in myself and my dream
Anyone could be a hero and heroine"

God only knows
"Though it's not so easy to get through
Here I am, I'm sure that things will go my way"

God only knows
"My mind is as free as the wind
But now what I should do is to fall in love"

God only knows
"I don't need that kind of real things
Feels like I'm lost in the labyrinth"

God only knows
"There must be the meaning of life
Somehow unexpected happenings thrill me"

God only knows
"Just believe in myself and my dream
Anyone could be a hero and heroine"

God only knows
"Though it's not so easy to get through
Here I am, I'm sure that things will go my way"

Chapter 4

I feel that my spirits rise
I will survive and just stay alive
Enjoy being alone, the isolation is not always so bad
Another day has gone by, every day goes by

In the sky, there'd be a bridge to a bright tomorrow

Chapter 5

Think about my love and my life
In an uncertain world, face to face with myself
Continue to make progress, day by day and step by step
I've got a good feeling
So I'm gonna keep on trying, life will go on

There is an unintelligible murmur at the start of Chapter 4, that is not transcribed.
