[Will.I.Am]

Johnny wanted to be a big star  
Get on stage and play the guitar  
Make a little money, buy a fancy car  
A big ole house and an alligator  
Chicks to match wit 'em alligator shoes  
He's a rich man, so it's no longer singin the blues  
He sings songs about material thangs, and  
Platium rings and watches that go bling, but  
Diamonds don't bling in the dark  
He's a star now, but ain't singing it from the heart  
Sooner or later it's just gonna fall apart  
Cause his fans can't relate to his new found art  
He ain't doing what he did from the start  
And that's putting in some fillin' thought  
He decided to live his life shallow  
Cash in his love for material  
And it's gone

[Chorus - Jack Johnson]

Gone going  
Gone, everything gone-give a damn  
Gone be the birds when they don't wanna sing  
Gone people  
Awkward with their things, gone  
(\*gone - scratched)

[Will.I.Am]

You see your self in the mirror, and ya  
You feel safe cause it's looks familiar, but cha  
Afraid to open up your soul, cause ya  
Don't really know, don't really know who is (who is)  
The person that's deep within  
Cause you content with this being the name brand  
man, and ya  
Throw this seed that is trival  
It's significant that you would get too material  
I seen your car before  
You the type who thinks a soul is sold in the store  
Package up with inscent sticks  
With a vegetarian meal to you that's righteous

You fiction like books  
Need to go out to life and look, cause ya  
What happens when I take your material  
And you already sold your soul  
And it's..

[Chorus]

[Will.I.Am]

They say that "Time is money and money is time"  
So you got cha mind in your money and your money on  
your mind  
But what about  
That crime you did to get paid  
And what about  
I bet can't take it too your grave  
Tell me about it

[Bridge - Jack Johnson]

What about those shoes you in today they do no good  
On the bridges you walk along the way

[Will.I.Am]

All that money chu got  
Gonna be gone  
That ear that chu rock  
Gonna be gone  
That house upon that hill  
Gonna be gone  
The gold burns on your grill  
Gonna be gone  
The ice on your wrist  
Gonna be gone  
That nice little Miss  
Gonna be gone  
That whip that chu roll  
Gonna be gone  
What's worst is your soul already gone  
Yeah, it's gone

[Chorus]

Gone..
