I wanna serious thing, serious thing with you
You're looking for the love, for the love
I'm looking for too, yeah

I've never fallen so fast, but you're different
Now fall all over again for you, baby
If you tell me that it's alright,
if you tell me that it's ok
I will let you know it's alright, I will let you the same
If you telling me it's alright,
if you telling me it's ok
I will let you know it's alright, I will let you the same.

Refrain

I wanna feel you now
You wanna feel me now
The way that we get down
I wanna feel you now

It's almost like being with you is slowing down time
And the way you rolled against me
Drives me out of my mind
I've completely fallen helpless
For the way that you are
I feel delirious, I'm delirious

I wanna serious thing, serious thing with you
You're looking for the love, for the love
I'm looking for too, yeah

I've never fallen so fast but you're different
Now fall all over again for your baby
If you tell me that it's alright,
if you tell me that it's ok
I will let you know it's alright, I will let you the same
If you telling me that it's alright,

if you telling me that it's ok
I will let you know it's alright, I will let you the same.

Refrain

Wanne see how, how we get down
Wanna see how, how we get, get (4X)

Refrain (2X)
