I'm sorry for to give you the sad new's your son is born.
In a shit world can you show he the corse to be
followed?
what is to be done to not become public enemy...
...or psychopaTHIC
THICK SICK THICK the poor boy is thick-headed
we expect great things of you don't disappoint me
and your family
what is freedom? anyway in this shit world
what is freedom, dady? these things do not matter
in this shit world, son. Have a lot of money
this is the point!
I don't feel at ease in this society.
