Daddy, who is bullfighters?
is a shitman, son.
Welcome ladies and gentleman
now it's the time of the bull.
A man shout at an animal
you get out wake up
it's time to die.
I have a desire
I want to see a man's blood shed
in the den fucker bullfighter
now you are done
in front of you stander
where are your pride
now which you are to suffer
my stroke now I kill
fight bull fight
I see your trophy, animal
for your freedom
but this don't last forever
how many animals have
illusion to birt free
but this don't last for many
