Well...weve all grown older and none the wiser, and
weve had our fair share of Budweiser, but its the
memories that hold me together, when times were
simple...the times that I remember...

The times camping at the Santa Maria riverbed
The comic shop that bought my Spawn when I was
homeless
For North China, for having the best chinese food ever
For the punk rock sweaters that have outgrown us
For the Orcutt pigs that beat up Jamie
For Dog Park where I bring Pontius (How could I have
forgot)

Heres to the times!
Heres to the good time that we have had!
Heres to the times that we wish we had!
Heres to the times that we'll never have!
Heres to the times!

Like when Steve Corbet put us in the newspaper
For the drunken brawls and keg stands
For the garages where my bands have played in
For the women that brought us from children to men
For the people we care about
I give you what I have now, I give you what I had then....

TearDrops in Blood!
Heres to the good times that we have had!
Heres to the times that we wish we had!
Heres to the times that we'll never have!
TearDrops in Blood
TearDrops in Blood
TearDrops in Blood
