(Asia)

Chris and T

(Fabolous)

Asia Cruise what it do baby?

I remember when just seeing you
Would have me tremblin
Never knew my gizmo
would turned into a grimalin
I should have "Let You Go"
Like Keyshia Cole and Lil Kim
But then, i thought we worked it out
Somehow we back in the gym again
I used to buy you nice shoes
Keep you lookin feminine
Now a days i just want to give yo
Ass the Timberland (Timberland?)
Yea da boot, i mean yea ya cute
But i drop them fast like a diver with no
Parachute Baby

(Asia: Verse 1)

You and I, toe to toe, eye to eye go figure
Finding out our loves a lie
How could you point the finger?
You tellin me to calm down my emotions are in it
(and I)
am so offended cause you played me for the fool

Thick and thin, rain or shine
I had your best intrest
Even in the hard times we had hugs and kisses
Now somewhere along the lines you started acting
diffrent
I never seen it comin now how could i predict it?

(Hook)

I couldnt change it cause i didnt notice

couldnt make it better if you didnt show it
you used to talk to me but now you just ignore it
ignoring is not the thing to do so

(Chorus)

lets rewind
take me back to the exact point where i went wrong
lets rewind
what did i do that was so bad to make you move on
lets rewind
take me back to the exact point where i went wrong
lets rewind,
rewind
lets put all of this behind and just rewind

(Asia: Verse 2)

packing up and moving out it hurts for me to see it
Instead of shaping up your shipping
I should have known it
I thought that we had history
Damn i feel so stupid
what am i to do with all the pain i feel inside?
back and forth im asking why the relationship has
ended
(please dont walk away) cause im not finished
im looking for some answers
how could you reach the limit?
I never seen it coming now how could i predict it?

(Hook)

I couldnt change it cause i didnt notice
couldnt make it better if you didnt show it
you used to talk to me but now you just ignore it
ignoring is not the thing to do so

(Chorus)

lets rewind
take me back to the exact point where i went wrong
lets rewind
what did i do that was so bad to make you move on
lets rewind
take me back to the exact point where i went wrong
lets rewind,
rewind
lets put all of this behind and just rewind

(Asia: Bridge)

Wait a minute
Lets press pause for a second
why you actin so reckless, disrespectin?
Oh Your acting like i expected for us to fall out of love

(fall out of love)
no relationship skips
lets go back to the begining
3 minutes up now were closer to the ending
lets put this in reverse
gotta make it work
lets put the past behind
its time to press rewind

(Fabolous)
I said wait up wait up
bring it back come rewind
lets just take it to the time
i think it was summertime
when i walked up from behind
and then here comes the line:
"What's your name? What's your sign?"
and you got your giggle on
you said: "Boy you need to stop. You got that from a
Biggie Song!"
So i always loved Big Poppa he aint steer a nigga
wrong.
Shorty what the biz
baby what it does
i can see what it is
i just want what it was

(Chorus)
lets rewind
take me back to the exact point where i went wrong
lets rewind
what did i do that was so bad to make you move on
lets rewind
take me back to the exact point where i went wrong
lets rewind,
rewind
lets put all of this behind and just rewind

mmm mmm mmm ohhh ahh ahh rewind
