Trying to make a train at sunrise

Gonna have to run a red light

Trying to make a train at sunrise

Gonna have to run a red light

Tangling with my Carolina

You know the girl kept me up all night

And when my Carolina throw down,

You know the girl knows how to fight

Don't think we're gonna make it

There's nothing else that anyone can do

Don't think we're gonna make it

Nothing else anyone could say

Almost got the feeling

That Carolina's liking it that way

I'm waiting on the trainman

To wait and take the pain away

Take it, take it away

All aboard

All aboard

Wait for me

Wait for me

Wait for me

Wait for me

Train man kept his promise

Gonna try and go on back to bed

Train man kept his promise

Gonna try and go on back to bed

Can't sleep anyway

Thinking 'bout what my Carolina said

And oh my Carolina

Running like a freight train

Through my head
