Jealousy, Jealousy oh yee

Said he quiet came up to quick  
Remind me to sign my trophies  
Said the kid gon' run this shit  
Prepare to put down that nyaope  
I had the time of my life  
I'm riding round with you b\*tch  
My dick is top of her mouth  
Therefore I fuck the truth in  
Pardon me did I go too far  
Hot sixteen did I go too hard  
Pop champagne get a sip too strong  
Gotta fill myself just a little too  
much  
I pay the way for these dudes  
You can't take myself esteem  
If I was you I'd hate me too  
Ahhh ahhh jealousy

[Chorus]  
Big things going on 'nizingenelan?  
Its a brand nu day  
Hoshhu why you mad at us?  
See them brand nu chicks  
We in the city where the crime don't pay  
Money on my mind all day  
If you alive put your hands in the  
sky  
Wave side-to-side  
Say, say ,say  
ahhhhhhhhhhhhhhhhh. Jealousy

Aha you talking that filthy  
Nigga talk all rags on rags  
Writes need to write down my history  
Before you wanna clash on wax  
Go ahead make my day  
Ima run my lane like Usain

Cool in the gang, lanes get a hang  
In the name who's eh dime who sang  
Bang  
Show love for the huns, shows where  
they be?  
My throne getting on top the week  
Club ho's on the leash ho's on they  
feet  
Get outside now we all in the beat  
Please, pray for my enemies  
I hope they rest in peace  
Success I crossed that brige

[Chorus]

Big things going on 'nizingenelan?  
Its a brand nu day  
Hoshha why you mad at us  
See them brand nu chicks  
We in the city where the crime don't pay  
Money on my mind all day  
If you alive put hands in the sky  
Wave side-to-side say, say say  
Ahhhhhhhhhh. Jealousy

AKA came back with the first cut  
Need to put you nu shit on hold  
Far as I see nigga playing catch-up  
Accessories is all gold  
Ahhh I risk my case  
Ima go hard every breath I take  
Hoppin out cars, looking like they from  
mars  
That's gusheshh from States  
Look at my heart, split it on 16 bars  
Put it all on display  
How you gon' judge?  
How you gon' show love?  
We one and the same  
Everything that you hate  
But you love everything that I make  
Say my name, say my name  
You love the taste  
You only raising my case, go

[Chorus]

(End...)
