Jah jah is the only one for us, I, I, I,
Jah jah is the only one so high
Them can't stop I and i

Through the rain and through the storm
And through my ups and down
Jah jah is for I
And through the twists and the turns
And the is and ,
Jah jah is for I
And when I'm hungry and I'm broken
There is friend around
Jah jah is alright

Jah jah is the only one for us, I, I, I,
Jah jah is the only one so high
Them can't stop I and i

The praises, rise and see the sunshine
Even if I don't have a dollar or a dime
Through the rain and through the storm
And through my ups and down
Jah jah is for I
And through the twists and the turns
And the is and ,
Jah jah is for I
And when I'm hungry and I'm broken
There is friend around
Jah jah is alright

The things you do will come back and haunt you
So be careful of what you do
The games you play will come back someday
Be careful of what you say,
Be careful of the friends,

Jah jah is the only one for us, I, I, I,
Jah jah is the only one so high
Them can't stop I and i
Through the rain and through the storm
And through my ups and down

Jah jah is for I
And through the twists and the turns
And the is and ,
Jah jah is for I
And when I'm hungry and I'm broken
There is friend around
Jah jah is alright

And when I'm hungry and I'm broken
There is friend around
Jah jah is alright

Jah jah is the only one for us, I, I, I,
Jah jah is the only one so high
Them can't stop I and i

The praises, rise and see the sunshine
Even if I don't have a dollar or a dime
Through the rain and through the storm
And through my ups and down
Jah jah is for I
And through the twists and the turns
And the is and ,
Jah jah is for I.
