Don't give me plans I didn't make yet  
Don't take my shadow for a silhouette  
The same side of the chess set  
The same side that we all get  
My silhouette makes stronger  
But my shadow looks longer  
It can meet you around the corner  
It can meet you around the corner

[Chorus]

I dance like an ill fit  
Sweat like a tight grip  
Bite on a red lip, now hold it  
Stick when I should split  
Flip like I've been hit  
Clumsy and ill fit, hold it

They told me fall, it's a fixed fight  
And I should jump from a great height  
It's so quiet when you're in flight  
Like a dream that you realise  
Each piece of my inside  
Is trying to pull me to the other side  
It's not something I can brush aside  
Like a scratch on a B-side

[Chorus]

I dance like an ill fit  
Sweat like a tight grip  
Bite on a red lip, now hold it  
Stick when I should split  
Flip like I've been hit  
Clumsy and ill fit, holding it

I'll crack your hard core  
And I'll feel it, strip it to your feeling  
This place I long for  
Feel it in the skittering of blood-splashed floors

[Chorus]

I dance like a ill fit

Sweat like a tight grip  
Bite on a red lip, now hold it  
Stick when I should split  
Flip like I've been hit  
Clumsy and ill fit, holding it
