[Intro: Krayzie] They don't wanna see me shine, don't  
wanna see me shine Don't wanna see me fly, don't  
wanna see me ride ... They don't wanna see me shine,  
don't wanna see me shine Don't wanna see me fly,  
don't wanna see me ride [Chorus 2X: Krayzie Bone] +  
(Jay Rush) Why they gotta hate-hate? Steady hatin  
mine-mine Smilin in my face-face, fakin on the side  
They don't wanna see me shine (cause they don't  
wanna) (They don't wanna, they don't wanna see me  
shiiiiiiine) [Layzie Bone] As long as I'm alive no hater  
gon' ever stop my drive I, get it and make it multiply,  
anything else is suicide Enemy of the world, that's I;  
energy of an eagle eye See no evil and hear no lie,  
niggaz don't wanna see me fly higher than a rocket  
ship, life is not rocket science Every day is  
documented, all of my time is occupied I'm gon' grind,  
I'm gon' shine, ballin 'til the end of time Hate on me  
then it's all fine, you just ain't no friend of mine [Flesh-  
N-Bone] I'm tryin to focus on bigger and better thangs  
With so many odds against me I had to step up my  
game Imagine problems with crooked coppers, why  
they wanna go there? Tried to pop me, lock me, but  
couldn't knock me off my square I'm not surprised, you  
haters wanted to see Flesh stretched out without one  
Thug, while I'm steady stressin out But we doin our own  
thang, the Bone thang You suckas fail every time tryin  
to stop my shine [Chorus] [Krayzie Bone] Stay away,  
fade away playa hater Stay away, fade away, playa  
hater I need you to stay away, fade away playa hater  
Stay away, fade away, playa hater 24/7 grindin, tryin to  
get my shine on That don't give 'em a reason to hate  
me, hate me, hate me But I know my mind's strong,  
none of you suckas can break me Ha, nothin can save  
ya now, they caught the Krayzie vapors Stay away, fade  
away, playa haters There's really no need to be  
crowdin me cause I can't get with you haters  
surroundin me Houndin me tryin to get my paper, hard  
to keep my faith up It's time for me to raise up, and do  
the sucka shaker Truuuuuuuuue T-H-U-G's and we  
come to kill you, kill you, kill you I think they might be  
scared (might be scared) To let me shine cause I'm a

righteous playa; I'm a righteous {\*echoes\*} [Chorus]  
[Wish Bone] See meeeee - stack your paper they hate  
my grind Catch meeeee - push that's why I got my  
swagger down But never slip in the clip in, I know they  
want my life Any weakness, not here, they know that  
Wish gon' ride, ride Hit the streets with that better love  
Watch out if you kiss and tell, you know not to show 'em  
love It's just that they talk too much, they never know  
who to trust And just when you get enough, a target  
you will become That's just the hater wayyyyy [Bizzy  
Bone] It's the devil's perpetuation, tryin to take my  
innocence It's my retaliation, I don't need no ignorance  
I'm standin against this army with Bone Thugs-N-  
Harmony Harmony Danger is just a part of me like it's  
stuck in my arteries These poor playa haters are the  
motivators, but I get my paper paper Same rappers that  
hate us call for verses so we can tape for them Critics  
we can't escape from them, don't you drink too much  
Hennessy Ain't no time to be slippin, we the world's  
worst enemy [Chorus 2X: Krayzie Bone] + (Jay Rush)  
Why they gotta hate-hate? Steady hatin mine-mine (I  
just gotta knowwwwww) Smilin in my face-face, fakin  
on the side They don't wanna see me shine (They don't  
wanna see me shine.. they don't wanna see me shine)  
[Lyfe Jennings] So many people said we wouldn't (take  
it) So many people said we couldn't (make it) So I made  
it up in my mind [Krayzie] So I made up in my mind I'll  
take it I made it up in my grind [Krayzie] So I made up  
in my mind I'll take it ... I just gotta knowwww I just need  
to know! (While you keep hating, I'ma keep shining) I  
just gotta know (While you keep hating) I just gotta  
know (I'ma keep shining) Why they wanna hate on me?  
(While you keep hating) Why they wanna steal my  
shine? (I'ma keep shining) Why they wanna hate on  
me? (While you keep hating) Why they wanna steal my  
shine? (I'ma keep shining) I just gotta know (While you  
keep hating) I just gotta know (I'ma keep shining) I just  
gotta know (While you keep hating) I just gotta know  
(I'ma keep shining) See me shiiiiine (While you keep  
hating) See me shiiiiine (I'ma keep shining) Ohh see  
me shiiiiine (While you keep hating) Ohh see me  
shiiiiine (I'ma keep shining) Yeahhhh (I'ma keep  
shining, I'ma keep shining) [Krayzie Bone] They don't  
wanna see me shine (I'ma keep shining, I'ma keep  
shining) ... They don't wanna see me shine... {\*fades  
out\*}
