[Swizz Beatz] + (Layzie Bone)  
In the trunk trunk, in the trunk (yeah, yeah)  
In the trunk trunk, in the trunk (Bone Thugs)  
In the trunk trunk (Bone Thugs, Swizz Beatz)  
In the trunk trunk

[Chorus: Swizz Beatz]  
You feelin the wrath that'll rump then bump, in your trunk  
You feelin the wrath that'll rump then bump, in your trunk  
You feelin the wrath that'll rump then bump, in your trunk (in your trunk)  
In your trunk (in your trunk) in your trunk  
You feelin the wrath that'll rump then bump, in your trunk  
You feelin the wrath that'll rump then bump, in your trunk  
You feelin the wrath that'll rump then bump, in your trunk (in your trunk)  
In your trunk (in your trunk) in your trunk trunk trunk trunk

[Layzie Bone]  
Nigga feel that beat in your chest when your leanin and swervin  
Bass in your back, you feel it, you heard it  
Hand on the wheel, no need to be nervous  
Ride with a G everything 'll be perfect  
Put it down, put it all on the +Surface+  
Dirty as we ride, it'll all be worth it  
'Til the wheels fall off, nigga that's the purpose  
Nothin but the best cause we deserve it  
They know when I'm comin  
cause niggaz can hear me before they can see me  
And they can't believe it cause I'm bumpin Eazy-E  
And they just seen me on TV  
Navigate through the streets dawg

Keep it real to the beat that ain't no secret  
Jump outta the Jeep car  
Run up in the liquor store hit the freezer  
Grab a O, Gold, and like my four-oh  
My flow so cold, I gotta have some  
Turn the music back up to the maximum  
Them niggaz hatin on us but I laugh at 'em  
I got a 9-millimeter that'll get me to the trunk  
If I make it to the trunk I'ma pop that trunk  
Y'all already know comin outta the trunk  
is a AK who, with a 12-gauge what?

[Chorus]

[Krayzie Bone]

We back with a vengeance, cause rap took a strippin  
without us  
Let's be honest, this industry's now over-crowded,  
forgot us  
Nigga your time up, go back to practice, sign with your  
life and sign up  
If niggaz is lookin for hits hit Swizz up, nigga he comin  
to find us  
And we ain't hard to find, been right here all the time  
That bling got y'all all blind, these niggaz ain't raw as I  
So don't make me kill ya  
Don't try to battle me cause ain't none of you niggaz  
skilled enough  
(Skilled enough) I'm sick of these niggaz  
They killin me, really they wanna be Thugs  
Everybody wanna roll like us  
Smoke blunts cause we pump, off in your trunk  
Them niggaz get hypnotized  
Run up as soon as they feel the vibe  
They never been on a realer ride  
Just runnin up, let's turn it up 'til they know how to

[Chorus]

[Wish Bone]

'Fore the liquor store close in a rush turn it up  
Let it drop, now nigga let's roll (roll)  
Gotta fill up, with a drink of  
Anything that bang or that roll up  
Gotta choose what I listen too  
Cause it ain't that much that I'm feelin, ooh  
Everybody talkin violence  
Take a life, live they been through  
I love that gangsta music, bump nothin but Thugster  
music  
Except when I lay down and slow down, that lovin music

No pretender get in ya, Thugs runnin through it  
The truest, we still hear they love how we do it  
We do it THUGSTER!  
Outta line cross mine, yes Thugsters really RUSH YA!  
Bang ya brains with thangs, never RUN AWAY!  
Any day I'm here to stay, we love to play  
Bone got that feel good, pop it in, listen to real rappin

[Chorus]

[Layzie Bone]
