Dawn rises on the jasmine grove
One more day,
One more of the same
Under the burning skies
Looking west
Hoping to be saved

Those unwavering eyes
Radiate the fearless pride of
Men about to change the world
Who took a stand
To free their children's land

Arise
If you believe in dreams tonight
Don't let them bury you tonight
Please keep on holding on
Let your heart be strong
And let this tale go on

If you believe in dreams tonight
Don't let the springtime pass you by
If you fight another day
You'll find a way
To change the world again

The wind rises on the Jasmin grove
One more day
Alike but not the same
The seeds of hope have spread
Blown by the wind
And the revolution will live again

Arise
If you believe in dreams tonight
Don't let them bury you tonight
Please keep on holding on
Let your heart be strong
And let this tale go on

If you believe in dreams tonight

Don't let the springtime pass you by
If you fight another day
You'll find a way
To change the world again
