[Intro]

Ooooooh, Damn!

I mean I just keep thinkin about you (awww baby)

I mean I wanna move on but I can't move on (oh, oh, oh,
oooooh)

it's like you got some kind of hold on me

and I don't know, but I'm a go ahead and talk about it,

Listen

[Verse 1 - Bow Wow]

I'm sittin lookin out the window like damn

tryna fix this situation that's at hand

You still runnin through my mind - when I'm knowin that
you shouldn't be

me all on ya mind, I'm knowin that it couldn't be

cause you ain't called, and I ain't even apalled

I still got alot of pain, I ain't dealt with it all

I been runnin 'round with other chicks - I'm single and
they lovin it

I'm likin it, but I just want the one that I was in love with
that's not the end of it - I'm tryna let you go

I can't get a grip of it, is what I'm tryna let you know

You gotta hold of some kinda control on me

I don't know what it is - but I gotta get you gone from
me

I'm workin at it and it ain't gettin no better

just tryna be like "yeah, forget it, whatever"

instead of starrin out this glass - lookin at this bad
weather

damn I gotta pull myself together, cause...

[Chorus - T-Pain]

When I'm with somebody, all I think 'bout is you

when I'm all alone - that's all I wanna do

I miss the smiley faces in my sidekick, out of town visits
all the time we spent together, makes it hard to get you
outta my system

You know what you do to me (do to me) - you don't
even understand

damn - you know what you do to me (do to me)

it's so hard to get you outta my system

[Verse 2 - Bow Wow]

I'm too attached my heart want let me fall back
I got it bad that's what you can call that (ah)
and when I see you in the streets that's the worse for
me
use to love the little things you did, that's what works
for me
it's too major, don't see you in my pager
know what you doin?, where you at?, or can I see you
later?
the fellas tellin' me just let her go Bow
believe me I'm tryin man I just don't know how
I be in all the hot spots - leavin with the hot shots
knowin they just want me cause i'm the top spot
that's not poppin, and my brain ain't stoppin
thinkin who she with?, or where she goin?, is she club
hoppin?
I never had this kinda problem in my life
this is my first time dealin with this kind of fight
it's every night, and every flight, and everytime you in
my sight
damn, this ain't even right....cause

[Chorus]

[Bow Wow - Repeat 2x]

Is it wrong for me to feel this way
You been runnin thru my mind all day - can you feel me
I been tryna get you off my mind
but I can't after all this time - that's what kills me

[Chorus]

[Bow Wow]

I remember everything that me and you talked about
me and you had our whole life planned out together
and if I could, I would turn back the hands of time
and correct all my mistakes that I ever did
but now I guess I gotta move on right?
it's still hard and I still love you to this day...Peace!
